READY PLAY
LET THE GAMES BEGIN
DRY MAT™

Ready Play *Dry Mat*™ is the perfect solution for standing water on your playing surface. Each mat is 24" long, 12" wide and 2" thick and can absorb up to 2 gallons of water at a time. By using Ready Play *Dry Mats*™, you will not lose any of your topsoil; you will simply absorb the water off the surface.

PRODUCT DESCRIPTION

Industrial strength carrier (24"x12"x2") infused with a superabsorbent sand, under a patented process. Carrier is covered by durable, easy to clean sleeve. Approximate weight unsaturated is 8 ounces.

COST/BENEFIT

Very favorable cost/benefit ratios based on the following:

- Avoided cost of using alternate methods of removing standing water.
- Removing standing water will significantly decrease the amount of drying agent needed.
- *Dry Mat*™ will remove standing water from any surface, saving maintenance and replacement costs.

PRODUCT USE

Can be used on sports fields of all types:

- baseball
- softball
- soccer
- playgrounds
- football
- race tracks
- tennis courts
- golf courses

Dry Mats™ can also be used in/on:

- boats
- landscaping
- irrigation leaks
- dirt
- turf
- carpet
- concrete
- even in the home!

Wherever there is a need for quickly, efficiently and cheaply removing standing water, Ready Play *Dry Mats*™ are the solution.

USEFUL LIFE OF A MAT

A *Dry Mat*™ can be used up to 100 times before having to be replaced and will remove an average of 200 gallons of water over its useful life. The life span of the *Dry Mat*™ will be enhanced by proper cleaning and storage.

WATER RETENTION

Dry Mats™ absorb up to 2 gallons of water. Once fully saturated, simply pick up the *Dry Mat*™ and wring it out. The *Dry Mat*™ is then ready to be used as many times as needed until all water is eliminated.

MAINTENANCE OF THE MAT

Ready Play *Dry Mats*™ are easily maintained. Simply wash off the *Dry Mat*™ after use, wring it out and store in a dry place. The *Dry Mats*™ will not mold, smell or become brittle.

=

(1) 8 pack of Dry Mats™ *will remove the equivalent of (1) 12 ft. diameter pool...around 1,600 gallons!*
